All the animals are skating in the Alps. A Hippo is learning how to skate and has many amusing tumbles.

Julius watches the ski jumpers when suddenly he slips and his feet become encased in a pair of skis. He doesn't know how to use his feet so keeps right on going until he lands against a tree and is dismembered. He gathers himself together and walks away. He falls into the lake and a life guard dives in to rescue him. Julius comes up dragging the life guard whom he revives.

Julius becomes an Alpine guard and is leading a man up the mountain. The man sees what he thinks is a flower on an adjoining peak. Julius lassos the peak and they cross on the rope. When they go to pick the flower, they discover it is an eagle. They fall off the peak and Julius with the man holding his feet grabs onto a piece of rock. The eagle starts picking at his fingers and finally Julius lets go and they fall to earth.
